To: NH Medicaid Home Health Providers

From: NH Division of Medicaid Services

Date: June 2, 2023

Subject: Services Provided to Multiple Patients

New Hampshire Medicaid is implementing a TT modifier in order to identify services provided by one provider to two or more patients. Beginning April 1, 2023 billing for a single provider, two or more patients, same setting will use:

- T1019-TT Personal care services, per 15 minute
- G0156-TT Services of Home Health/Hospice Aide in Home Health or Hospice Setting, per 15 min

The rate for the T1019-TT and G0156-TT codes will be consistent with the rates for those codes without the modifiers. The provider will be paid the same rate for both beneficiaries.

This modifier should be used by the following providers when working with two or more patients:

- Home Health Aide
- Hospice Aide
- Personal Care Services Aide
