House Bill 2 (HB 2) was passed on 6/8/2023 and signed by the Governor on 6/20/2023. HB 2 included appropriations for various provider rate increases. Please review the [Medicaid Rate Informational Item](#) from Department of Health and Human Services Commissioner Weaver for additional details on current and future provider rate increases included in HB 2.

An updated NH Medicaid Fee Schedule will not be available by the effective date of 10/1/2023. NH Medicaid will publish the updated fee schedule as soon as possible and will notify providers when it is available. This applies to all provider specific fee schedules as well. However, the MMIS will process claims for dates of service on or after 10/1/2023 at the new rates for those services with a 10/1/2023 effective date.
