Department of HEALTH & HUMAN SERVICES

Division of Medicaid Services

**To**: NH Medicaid Enrolled Applied Behavioral Analysis Providers

**From**: NH Division of Medicaid Services

**Date**: April 29, 2026

**Subject**: Applied Behavioral Analysis Rendering Provider Requirements

Through a review of claims for Applied Behavioral Analysis services, the Bureau of Program Integrity has noted that many Medicaid-enrolled groups do not consistently include rendering providers on claims, and these providers may not be actively enrolled in New Hampshire Medicaid or credentialed with individual Managed Care plans.

Please note that Board Certified Behavior Analysts (BCBAs) are required to enroll in New Hampshire Medicaid and be listed on claims as rendering providers. BCBAs are required to obtain and maintain an active National Provider Identifier (NPI).

Federal compliance also requires providers to include the National Provider Identifier (NPI) for rendering providers on Medicaid claims (HCFA-1500, Block #24-J and UB-04, Block #76).

Applied Behavior Analysis (ABA) technicians are not required to enroll in New Hampshire Medicaid; however, they must be appropriately supervised. The supervising provider (BCBA) is responsible for oversight and must be listed as the rendering provider on all claims for services delivered under their supervision.

BCBAs who are not currently enrolled in New Hampshire Medicaid must complete the enrollment process, including obtaining an NPI prior to enrollment. BCBAs who are already enrolled must ensure their enrollment record is current and includes a valid NPI. Any enrolled provider who does not yet have an NPI must obtain one and update their enrollment with New Hampshire Medicaid accordingly.

We encourage all Applied Behavioral Analysis groups to begin the process of ensuring that their individual rendering providers obtain an NPI and pursue enrollment in New Hampshire Medicaid as soon as possible.

After enrolling in New Hampshire Medicaid, all rendering providers should also credential with any individual Managed Care plan for which they provide services.

Beginning August 1, 2026, claims submitted by an ABA Group without an enrolled rendering provider on the claim will be denied.

If there are questions on how one of the New Hampshire Medicaid Managed Care Organizations (MCO) handles the above information, please reach out to your MCO provider representative.

If there are any questions on this notice, please contact the Provider Relations Unit at (603) 223-4774 or (866) 291-1674.

Thank you,

NH Medicaid Provider Relations
